MALONEY-ROMES MEAT MARKET CHANGES HANDS

The well-known Maloney-Romes meat market was sold out this week, H. L. Williams of San Jose being the purchaser. Mr. Williams is an old resident of the Garden City and for twenty-seven years conducted one of the large markets there, in which he enjoyed a lucrative business. He will bring his family to this city, having rented the Wentworth house on Warren street, and will make this place his permanent home.

T. P. Maloney, the senior member of the firm has been in business here for fifteen years and by strict attention to the wants of the public, has built up a large trade. Mr. Maloney intends to take a rest and is undecided as to his future line of activity. He will not leave Redwood City. Mr. Romes, who lately became a member of the firm is also undecided as to what business he will follow. He is a young man of excellent character and business ability and it is hoped that Redwood City will not lose him and his family.

Both Messrs Maloney and Romes will remain with the market until the new proprietor is fully acquainted with the business.

AUTOMOBILE WRECKED ON THE LA HONDA GRADE.

One San Francisco woman with a right leg fractured, and several other persons with minor injuries, is the result of an accident and overturning of a big sightseeing car on the mountain grade Sunday a few miles from La Honda. The party consisted of members of a small social club of San Francisco out for a vacation trip, taking advantage of the two holidays. Defective brakes on the upgrade let the car run backward, and it turned over. Miss Irene Hogan, the worst injured, was brought to Palo Alto and taken to the Peninsula hospital by Dr. Carl Wilson, who had been summoned to the mountain by telephone.

GYMNASIUM MANAGERS PLAN BOXING BOUT.

There is to be a great athletic carnival in Redwood City under the direction of Mr. Wilfred Maloney, athletic trainer of Stanford University. Mr. Maloney is giving his enthusiastic support to the Horace Hawes Gymnasium Club because he is a great believer in the theory that athletics is a cure for many ills, and when one exercises moderately, it keeps the mind on healthful subjects.

The carnival will take place on Saturday night, October 3d, at 8:15 at the Horace Hawes Gymnasium. Tickets may be had at Ryan's drug store or from Mrs. Graham, Mrs. Porter, Rev. Mr. Crabtree or Mr. Frank. Admission 25 cents.

Mr. Maloney is bringing with him the star talent of the University, and will give, among other things, boxing bouts, fencing matches, pyramid work, fancy dances, stunt songs, etc. Quite a crowd is expected so tickets should be secured at once.

CITY MAIL DELIVERY PRACTICALLY ASSURED

The recent efforts of Postmaster Price to secure a mail delivery for this city will in all probability be successful. It is expected that the Postmaster General will issue the order within the next few weeks, the postmaster's report showing the postal receipts here, the number of paved streets and the number of miles of cement sidewalks this city fills all requirements.

The numbering of the houses, as an aid to the carriers, will, it is believed by the trustees, enable the postmaster to make all deliveries with the aid of three men.

The postmaster's report showed that Redwood was one of the best cities, from the street paving standpoint, in the West, and that it had many more miles of stone sidewalks than the regulations require. Redwood Highlands district is completely paved, and so is Wellesley Park, nearly $200,000 having been spent in these districts in the last year. Redwood proper is paved from the water front to the railroad, and a contract has been let to curb and sidewalk the streets paralleling the State highway.

Home building is active in the parks west of the Southern Pacific tracks, the new residence section of this city, and the sale of unimproved realty to purchasers who have indicated a desire to build, promises an uninterrupted growth. So great has been the growth of this section that the Pacific Gas and Electric Company has been forced to build a large gas container here, its present plant being inadequate to supply the demand.

RELIEF CORPS OBSERVES CENTURY OF KEY'S HYMN.

The centenary of "The Star Spangled Banner" was fittingly observed by Gen. Geo. S. Evans, W. R. C, at its meeting last Friday, there being instrumental duets and vocal solos appropriate to the occasion. A condensed biography of the author of the world-renowned tribute to our beautiful flag was prepared and delivered by the Patriotic Instructor, Caroline Heiner, the corps rendering the words very feelingly. The exercises closed with "America," after which, all repaired to the banquet hall to partake of a light repast.

Engagement Announced

At a pretty tea given at the home of her aunt, Mrs. Timothy G. Phelps, in San Carlos Saturday afternoon, Miss Ethel McLean, a leading member of the social set on the lower peninsula, made formal announcement of her engagement to Arthur E. Cooley, Stanford graduate and member of the law firm of Denson, Cooley & Denson of San Francisco. The wedding date has not been set.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

For Governor,
JOHN D. FREDERICKS.

A LOGICAL POSITION.

The San Mateo Times, generally recognized as one of the stalwart Democratic journals of this section of the state, has endorsed the candidacy of Captain John D. Fredericks for governor. In announcing its reasons for declining to support the nominee of the Democratic party, the Times presents the following logical argument:

"In the contest for governor The Times exercises its privilege of independent thought and action, regardless of partisanship, to support that candidate whose success would mean most to the people of the state in material advantages and advancement.

"We believe the best interests of the people demand a change af administration. We accord to Governor Johnson full credit for certain beneficial reforms, but many people honestly believe that extremes have been reached in other measures, while still others of a more pernicious character; which have been allowed to crop up under the administration, and were made possible only by reason of its fostering policies, are seriously detrimental to the best interests of the state, to put it mildly. Interest and expediency alike demand a change.

"Senator Curtin possesses many qualities that make him a desirable man for governor. Unfortunately his party is in the minority and if registration means anything it is quite an impossibility to elect him.

"Fortunately the Republicans have also mominated a man whose figure measurers up to the required standard, and the registration is back of Mr. Fredericks.

"Under the circunstances, with Curtin eliminated, what is the duty of independent and patriotic Californians? Shall they waste a vote on a man, albeit a good one, who can not win; give it to a man who has already seriously jeopardized California; or shall they bestow their ballot on a man who can win and if elected undo some of the evil that has been done and swing the ship of state back into the safe channel of conservative and constructive statesmanship?

"With all respect to the opinions of others and with no wish to wound the sensibilities of those who are supporting other candidates, we believe the best interests of California demand the election of Captain Fredericks.

"In 1912 so many Republicans in California voted for Mr. Wilson that he all but carried the state, winning one or two electoral votes. In return Democrats may, without impropriety, vote for Captain Fredericks for governor."

WHERE RAIL AND WATER MEET.

Where the highways of commerce meet there will always be found the possibility and promise of vast city developments. To prove this we have only to consider the locations of the great cities of the world. In almost every instance they stannd at or near the traffic highways, rail or road or water upon which are carried the great argoseis of commerce. If again we recall the history of the world's urban communities we shall find many of them began as mere trading stations at cross-roads, or trail junctions, or where rivers or bays or straits offered export or import facilities. All this applies with special force to the Peninsula and particularly to the county seat of our own county.

In Redwood City we see grooped all the elements which promise unlimited urban developments. Well paved and beautiful streets, miles upon miles of county roads that stretch away in evrey direction and in their solidity and finish seem like city boulevards, a surrounding territory burdened with the vast frontage of field and orchard and garden, with large transport facilities of rail and road.

But while Redwood has always been conscious of her possession of railroad and highway facilities, until now she has apparently ignored the magnificent deep-water harbor that begins at her main street and extends out into the open bay. It requires no vivid imagination to picture this littoral lined with docks, warehouses and factories and with the world's freight carriers anchored in her commodious waters.

When that no distant day shall dawn, the day that shall see Redwood rated among the harbors of the Pacific Coast, the county seat shall be what nature intended her to be, the dominant commercial factor in the Peninsula's development.

A SHADY TRANSACTION.

There is still one feature of the primary election to which the Progressives are frantically pinning their hopes—that is the theft of the Republican nomination for Lieutenant Governor by John Eshleman. The result is, that there will be no Republican candidate for Lieutenant Governor on the ballot in November. Between a Democrat and a Progressive, the Republicans must choose a Lieutenant Governor. This theft will be the principle card of the Progressives in the campaign. The fact that there is possible such an anomaly as this; a man seeking the suffrages of one party when his own is not sufficient under any circumstances to elect him, shows how carefully the Progressives tinkered up the Republican direct primary law for their especial purposes.

From returns at this date it is apparent that if all Republicans wh vote for other candidates than Eshleman are united in their detestation of political thievery, he can be defeated.

Factory to be Enlarged.

The National Magnesia Manufacturing Company has awarded a contract to Caldwell & Wisnom of San Mateo for the construction of ten buildings on the company's property of five acres just outside of the city limits, the stipulated price of the conract being $7,740. The buildings will be used for manufacture of magnesia. The company has already quite a plant on the property but it has not been in operation for a long time. Work on the buildings will begin at once and when completed, active operations in the manufacture of magnesia will begin. A large number of men will be employed at the works. It is understood that the European war has stimulated the manufacture of this article in the United States. There will be a big demandd for the product all over the country. This new industry in Redwood City is certain to make real estate active and no doubt will be the means of bringing more investors to this locality.

Cupid Captures Road Maker.

County Surveyor James V. Neuman sent Allan Meyerhoffer, one of his deputies, to La Honda last week to begin the construction of the La Honda road. Little did Mr. Neuman dream that he was sending his assistant over the mountains to secure a bride, but little Dan Cupid never sleeps, he is always on the job. Mr. Meyerhoffer registered at the Woodruff hotel and there met his fate in the person of Miss Emma Blanke, a charming and cultured young lady and an heiress. The young couplo came over from La Honda on Thursday and securing a license were married by Judge Lampkin The bride resides at Visalia and had been spending the summer at the Woodruff. Mr. Meyerhoffer has been an engineer in the surveyor's office for some time. He is regarded as a most exemplary young man.

One of the notes was executed in Redwood City City on August 21, 1909 for $800, with interest at the rate of six per cent per annum and the other at the same place on December 12, 1911, for $820 with interest at the rate of seven per cent per annum. No interest was paid on the notes so that plaintiff asks for interest from the time of the execution of both notes. Langley died on January 23d of this year and when the claims for the notes were filed with the administrators they were rejected. This was during last March. The complaint does not state on what grounds the claims were rejected. Langley was an old pioneer of San Mateo county and died leaving a large estate.

Graham asks the court to give him possession of the machine or in lieu thereof the sum of $1800 and also damages in the sum of $1000 for the unlawful detention of the machine.

August Belfrage, through his attorney, John D. Willard, has brought a suit for damages in the Superior Court against William McCune to recover the sum of $4000. The complaint alleges that on November 10, 1913 McCune was driving at a high rate of speed on one of the main streets of Burlingame with his automobile and ran down plaintiff who was seated with his wife in a light spring wagon. Plaintiff was thrown out and severely injured and was confined to his home for a period of six weeks. Plaintiff alleges carelessness and neglect on the part of defendant. He asks for damages in the sum of $4000 and for the further sum of $500 for money paid for medical assistance, medicine etc. Mrs. Julie Belfrage who was in the vehicle and who was also thrown out brings suit for damages against defendant for the sum of $5000. GLEANINGS FROM COLMA.

Death Takes an Esteemed Resident of San Pedro,

COLMA, Sept. 16—The sad news last Saturday morning, that William Fahey of San Pedro was dead was so painful here that no one would believe it. All were inclined to think it must be a mistake—that it was his aged father who had passed away. But it was too true. William Fahey, the leading young man of San Pedro had died late the night before, struck down in the flower of his manhood by the fell destroyer, pneumonia. On Labor Day he was at the parish picnic, good-natured as ever, and perfectly well, not a thought of sickness disturbing him. As usual he took a friendly interest in every event of the day. He was so kind and considerate that not a few remarked it. The next day he did not feel so well but did not worry, thinking a cold was coming on similar to that which other San Pedro folks had recently. The next day he was worse and his doctor was called and he reassured him, saying he had only a touch of pleurisy and would be well soon. The next day the doctor pronounced the trouble pneumonia and the patient grew worse rapidly until the end. It is hard to estimate what a loss William Fahey is. He was so upright and sympathetic that everyone he came in contact with liked him. If he told you anything you might always depend upon it as a certainty. For the last decade the writer knew him well and trusted him implicitly and never was there any occasion to doubt his fidelity. He was true as steel all the time. About fifteen months ago he married Miss Lydia Comerford and a few months ago their first born gladdened their home. His funeral, which took place from our Church of the Holy Angels, was largely attended by people from all over the county. Besides his wife and child, he leaves to mourn him his father, Walter Fahey, his brothers, John, Thomas, Martin, and Walter jr, and one married sister, Mary, besides all the people who knew him. Hewas laid to rest in Holy Cross cemetery on Monday. He was only thirty-three years old.

After the enjoyable week of the Institute to which both weather and forunate coincidents contributed to make memorable, all are settled down to work once more. Everyone is in a happy frame of mind. The rest and the instruction did much good.

The writer made his threshing season visit to the coast last week. He found the farmers just as hopeful as ever. The grain has turned out encouragingly and there is abundance of all other products. It is really a bountiful harvest. He found a new place for fishing—John Meyn's lake. Four years ago it was stocked with salmon trout and now they are large enough to make excellent sport. Quite a number have been caught. This fishing is not for the public. The writer did not catch any but he saw a number of beauties landed.

Miss Helena Hansen was absent from her work this week on account of illness. She is having trouble with her troat, but nothing serious.

Preparations are going on briskly for the coming entertainment to assist Father Michael Clifford in his work in this parish. Miss Josie Armanino is the principal promoter. It is sure to be a rousing success. Miss Armanino's friends are numerous and loyal, and besides the object is a most worthy one.

HAPPY LA HONDA

Elbert Hubbard, Author, Glimpses the Beautiful Redwoods

LA HONDA Sept. 16—The San Mateo County Panama-Pacific Exposition Commission has prevailed upon Elbert Hubbard, the author, to come from his eastern home to write up our county. The article is to be published in a folder and distributed at the Exposition. On last Thursday I happened to be standing by the county road and Mr. Hubbard waved his hand kindly from a touring car which passed me like a meteor. T'was no fault of the gentle author that he was dashed through La Honda like a flash. The magnificent forests of centuries old redwoods and our beautiful camping grounds are without doubt the star attraction of the entire county and it is to be regretted that Mr. Hubbard could not have stopped but for five minutes in one of our groves. He would have feasted his eyes on many natural beauties. We have a forty-foot water fall. And one wonder, almost by the road, it is a huge tree that has lain prone for many and many a year. From the trunk of this fallen giant there grow six tall thriving redwoods, upright, the largest being over seven feet around. This curiosity is called the "Six Sisters."

Another literary celebrity, Ben Macomber, whose articles, are known to almost every Californian, visited us last Saturday and we are glad to say did not dash by La Honda. He was very much impressed by the giant trees and our dandy camping spot, and glimpses of rolling hills, fair vales and our forests. He took many notes and photos and was quite interested in our dairy and cheese interests, now becoming extensive, and we await with interest his article about this place in the Chronicle.

E. H. Nash and wife, their son Roy, a San Francisco newspaper man, and their daughter Lena, all living in Oakland, are most comfortably situated in the pretty Brookside camp.

La Honda orchestra gave the usual fine concert last night. Mrs. Ida Sears was at the piano, Leonard Sears, cornet and Percy St. John, violinist. Miss Lena Nash, an accomplished pianist favored us with a few selections. The social dance Saturday night was much enjoyed.

E. B. Whitney and family of San Mateo are camping here.

Another San Mateo resident, Mr. N. W. Warner, is in La Honda tent city, to remain several weeks.

Dr. E. J. Caldwell and wife of Oakland will be with us for a week.

W. E. Banks of the Beeger Tanning Co. and his friend, Fred Esker, are spending a few days in camp and are certainly having an enjoyable time.

SAN GREGORIO

Engagement of Popular Daughter of Coastside.

SAN GREGORIO, Sept. 16—L. L. McClellan, has returned to San Francisco to resume his duties with the Zelle Investment Company. Before leaving Mr. McClellan announced his engagement to Miss Lilla Roe, one of San Gregorio's most charming girls and a daughter of T. E. Roe, an old and respected resident of this town. The young couple will be married late in October and after a honeymoon through the southern part of the state, will reside in San Francisco. Both young people have hosts of friends who wish them a long and happy married life.

A grand ball is announced for Saturday evening next at Bell's hall, which fact pleases the young people. Good music and supper at the hotel insure a large crowd from all around.

Mrs. Greenberg of San Francisco and her daughter, Mrs. J. Read of Oakland, have been guests at the home of Arthur Schroeder the past week.

Robert Silva has returned from San Bruno to which palce he drove a choice bunch of cattle.

Mrs. Crowe of Redwood City, with her daughters Alice and Kittie, accompanied by Asa Hull, spent a few pleasant hours in San Gregorio on Monday, the guests of Mrs. Bell.

Martin's Beach was the scene of a happy throng last Sunday, in search of smelt.

Miss Jeannette Larrouy of Redwood City is a guest of the McKay family.

Chas. Isaac, a prominent member of the Baldwin Jewelry Company of San Francisco, spent a week at Bell's hotel recently on a fishing trip.

Miss Mabel Reese has returned from Mayfield to reside with Mr. and Mrs. Ponce and attend the Seaside school.

Miss Isabelle Johnson returned Saturday from San Jose where she spent a few weeks with friends. William Langley of the Alpine was in San Gregorio Sunday with his family. Langley is one of the prosperous farmers of the county.

NEW ELECTRIC SIGN WILL BE LIGHTED SATURDAY

The Board of Trade had one of its most interesting meetings Tuesday night. David E. Graham presided in the absence of the regular chairman.

Joseph J. Hahir, representing the City Council, reported that the large electric sign which is being erected at the corner of Winslow street and Broadway would be lighted Saturday night if not before. The sign which will extend across the street, will bear the words "Redwood City" in letters thirty-six inches long. It will be suspended from neat iron poles and will be quite ornamental. Mr. Hahir who negotiated the erection of the sign stated that the cost would not be more than $150. The cost of maintenance would be paid by the council.

Mrs. Henry C. Finkler who represented the Board of Trade at a recent convention at Santa Cruz, the purpose of which was to prepare a schedule of celebrations throughout the state during 1915, rendered an interesting report. Among the events endorsed by the convention was the annual May carnival given by the Woman's Club in this city. Mrs. Finkler was made one of the District Committeemen of San Mateo county and a portion of San Francisco.

At the conclusion of the report Mrs. Finkler was given a warm vote of thanks by the assembled businessmen.

MUCH INTEREST TAKEN IN GYMNASIUM WORK

A big crowd of young men turned out Tuesday night for the weekly instruction given by the Horace Hawes Gymnasium instructor. After twenty-minutes' exercise to warm the athletes up, various forms of games were indulged in.

The highschool basket ball team defeated a picked team from the gymnasium by the score of 20 to 4. There is a lot of good high-school material this year, and when whipped into shape by Captain MacNeill and Manager Marcus, with the help of Instructor Wiggihs of Stanford, they should turn out an excellent team.

Among the young men present were Messrs. Frank, Doxsee, MacNeill, Behrens, McAuliffe, Brown, Pitcher, Locher, Stevens, Olson, Marcus, Kaleschke, Knox, Elkerenkotter and Winter.

The census enumerators were unable to secure data pertaining to the ownership of a small percentage of both the rural and urban homes of the county.

Miss Sophie Schilling is spending the week with her aunt, Mrs. Katherine Wahl.

Joe Sequera and his son Manuel of San Mateo were coastside visitors Sunday.

ASHTMA AND HAY FEVER A GUARANTEED TREATMENT

"I have arranged with P. A. Ryan so that every sufferer from Asthma, Hay Fever or Bronchial Asthma in Redwood City can try my treatment entirely at my risk," Dr. Rudolph Schiffmann announces. He says: "Buy a 50-cent package of my Asthmador or Asthmador Cigarettes, try it, and if it does not afford you immediate relief, or if you do not find it the best remedy you have ever used, take it back to P. A. Ryan and they will return your money, cheerfully and without any question whatever. After seeing the grateful relief it has afforded in hundreds of cases, which had been considered incurable, and which had been given up in despair, I know what it will do. I am so sure that it will do the same with others that I am not afraid to guarantee it will relieve instantaneously. The druggist handling Asthmador will return your money if you say so. You are to be the sole judge and under this positive guarantee, absolutely no risk is run in buying Asthmador."

Persons living elsewhere will be supplied under the same guarautee by their local druggist or direct by Dr. R. Schiffmann, St. Paul, Minn. Advt.

CLERK CALLED AT MIDNIGHT TO ISSUE MARRIAGE LICENSE

County Clerk Nash was called up shortly after midnight Monday morning to issue a license for the marriage of Dr. Clayton Van Gardiner, a well-known resident of Santa Rosa, and Miss Agnes L. Cecil of San Francisco. The wedding was performed by Judge Lampkin shortly after.

Dr. Van Gardiner and Miss Cecil were having a late supper at Tait's cafe in San Francisco Sunday night when they became involved in an argument which threatened to bring a pleasant evening to an abrupt end. At the psychological moment a party of mutual friends entered the cafe, joined them at their table and succeeded in patching up their little difficulty.

One of the party dared the couple to get married and the result was a hasty night trip to this city and the wedding.

Col. John P. Irish delivered an address to a crowded house at the Bell theater Monday night on "The History of Grape Growing in California," his talk being in opposition to the state-wide prohibition movement that is being agitated by the anemics and others who aim to ruin an industry that has made California famous throughout the United States. Col. Irish made a strong argument in favor of the wine growers—not the liquor traffickers—and the effect of his address will be shown in this city when the votes are counted.

Werner H. Mantz, father of Robert W. Mantz died in San Jose on Sunday night. His son and his eldest daughter, Mrs. Mary E. Moffett of Berkeley, were with him in his last hours. His other two daughters are in New York. He underwent an operation recently and did not rally from it. The funeral was held yesterday from the Masonic temple with Masonic honors. The remains were interred by the side of his wife in the family lot in Oak Hill cemetery. Mr. Mantz was a retired mining man and a resident of San Jose for nearly forty years.

LARGEST GOLD OUTPUT IN THIRTY YEARS

The value of the recoverable gold, silver, oopper, lead and zinc produced at mines in California in 1913, according to Charles G. Yale of the United States Geographical Survey, was $26,812,489, compared with $26,383,946 in 1912 and $25,-174, 677 in 1911. Excepting in zinc there was an increase in the output of all these metals, although the tonnage from deep mines showed a decline and there were fewer mines reporting production than in 1912.

The mine production of gold in 1913 was $20,406,958—$693,480 more than in 1912, an increase of 3.52 per cent. The deep mines of the state produced $11,570,481 or 56.70 per cent of the total. The increase in gold from deep mines for the year was $402, 966, or 4.54 percent. The placer mines produced $8,836,177, in gold, an increase of $190,514, or 3.20 per cent.

This output of gold in California was the largest in 31 years, the yield in 1883 having been $24,-313,873. Only three times in 49 years has the gold output exceeded $20,000,000, and if the year 1883 is excluded, the gold output in 1913 was higher than it has been since 1864.

MARRIED AND SINGLEE MEN TO PLAY BALL FOR CHARITY

On Sunday, September 27th, the banner ball game of the season will be played. It is a game for a worthy charity and the teams will be the married men against the single men. Several hundred pennants have been ordered so as to give the people a chance to show which team they want to root for.

Will Barg will have charge of he teams, while the financial end will be in charge of the same committee that made last year's benefit game such a success, namely, P. P. Chamberlain, Carl Muller, A. D. Walsh and Dan Stafford.

Organize Progressive Club.

County Clerk Nash and Railroad Commissioner Loveland organized a Johnson-Eishleman Progressive club at San Bruno Tuesday night with the following officers: W. O. Ford, president; W. H. Eddy, secretary, and William H. Mueller, treasurer. Both Mr. Nash and Mr. Loveland addressed the meeting and there was much enthusiasm.

In the death of Charles N. Felton last Sunday morning a prominent figure in the political history of California and a man identified with the interests of Menlo Park since 1870, passed on to the "other shore.'" His passing was as peaceful as the sweet sleep of a child. He saw the end approaching and the night before his death gathered his son and daughter around him and bid them farewell. He lapsed into a sound sleep Sunday morning, and when his valet came into the room he found his master calmly sleeping the sleep that knows no awakening.

Mr. Felton had an eventful career in this State. He saw both sides off life. He arrived in California with only seventy cents, and died possessing over $10,000,000. He won success by hard work and by an indomitable will to do things. He was an emniverous reader and was perhaps the best posted man in the state.

The funeral took place from Grace Cathedral on Tuesday. Many of his old friends from here attended the obsequies.

The career of Senator Felton was one of the most picturesque of the pioneer days. He was born in Erie county, Pa., and came to California with the gold rush of 1849. Shortly after his arrival he was paid $500 for standing guard over a haystack with a gun to repel marauders. With this money Felton opened a mining camp store in San Francisco and in a few months accumulated $3000 from the sale of pickels, which the miners used as a palliative for scurvy. Felton was one of the owners of the famous Comstock lode, and sold his share for $190,000.

In 1857 he became undersheriff of Yuba county, and later tax collector in San Francisco. He was elected to the assembly for two terms, and subsequently became assistant treasurer at the United States mint in San Francisco, holding that responsible office six years.

A few years ago Felton developed the Snow Mountain Water and Power Company in Lake and Mendocino counties and was the principal stockholder in that corporation. He was the president of the Bear Gulch Water Company of this county. Senator Felton was also one of the pioneer oil developers of the State and added largely to his fortune through this agency.

Senator Felton won his way to Washington as a member and lifelong worker in the Republican party. He served in the Assembly at Sacramento from 1879 to 1883 when he was defeated by James V. Coleman. In 1885 he was elected to Congress and again in 1889. His last term was contested by Frank J. Sullivan of San Francisco, his opponent, and Sullivan was finally declared elected, but not before the completion of Felton's term of office.

In 1891 Mr. Felton was appointed United States Senator, succeeding George Hearst, deceased, and in 1893 was again a candidate for Senator, being placed in nomination by James T. O'Keefe, assemblyman from this county, but was defeated by Stephen M. White of Los Angeles. Later he served as Sub Treasurer in San Francisco and Prison Director.

Besides his son Charles the deceased is survived by his daughter, Mrs. William D. Nielson, who was Mrs. Elkins, the wife of a Philadelphia traction magnate. She is the mother of Felton Elkins and Mrs. Christian de Guigne jr., both of San Mateo.

ANNUAL BUSINESS MEETING OF CONGREGATIONAL CHURCH

The First Congregational church of this city held its fifty-first business meeting Thursday night. The reports of the various officers showed the church to be in a prosperous condition. The report of the clerk showed a membership of 227, of which 196 are local residents. The average attendance at Sunday school was 125 and at Christian Endeavor 20. The report of the treasurer showed that $2449 had been expended, $2010 for salary and expenses and $439 for missions and benevolences.

The following officers were then elected: Deacons, Donald Mackenzie and Charles Bettin; clerks, Miss Clara M. Shelley; Sunday school superintendent L. P. Behrens; cradle roll supreintendent, Mrs. J. L. Pipkin.

The pastor, Rev. C. H. Stevens, then gave a report of his stewardship during the past year, after which the meeting was adjourned.

Red Cross Appeals for Aid.

The numerous and heartrending appeals for more surgeons and Red Cross trained nurses and for large quantities of surgical and hospital supplies which are coming to the American Red Cross from the war afflicted countries of Europe are much more than we can meet and as the funds thus far contributed are insufficient to enable us to keep in the field for longer than a few weeks the surgeons and the nurses already sent to the sorely distressed war zone, the American Red Cross most earnestly prays that the collections taken by the churches of all denominations throughout the United States on Sunday, Ocober fourth, designated by President Wilson as peace Sunday, be devoted to assisting the Red Cross in its mission of mercy among our suffering brothers abroad. The misery caused by the present war is more widespread, more appalling, and blacker than pen can describe and the cries for succor would touch and soften the hardest heart. According to reports reaching headquarters, some pastors have of their own volition deciedd to send to the Red Cross their peace Sunday collections and it is sincerely hoped and strongly urged that all churches in the country, regardless of denomination or creed will do likewise. Millions of dollars could be used in giving practical relief to the sick and wounded in cooperation with all foreign Red Cross societies. The smallest contribution may save some poor soldier's life and bring happiness as a result to an entire family. Later the American Red Cross plans to designate a "Red Cross Flag" day when tiny Red Cross flags will be sold all over the United States after the fashion of "tag" days, in support of the European war relief crusade of the organization.

School Money Apportioned.

County Superintendent of Shools Roy W. Cloud apportioned the second installment of State school money to the various schools of the county yesterday. Thirty-three thousand was alloted to the elementary schools and $2895.54 to the high schools. Of this amount the Redwood City school received $3000, and Sequoia high school received $724.94.

The amount of money received from the State fund will probably not be so large in the future as from $800,000 to $900,000 has annually been received from the poll tax. An amendment to the constitution asking for the repeal of this tax will be voted on in November and will probably carry. This poll tax has largely been paid by foreigners and those who pay no other tax and who have children in school. The amendment should not carry, but as the poll tax is unpopular it will in all likelihood get a big vote.

The people of the State of California do enact as follows:

SECTION 1. For the purpose of creating and providing a fund for the indebtedness hereby authorized to be incurred, as hereinafter provided, the state treasurer shall immediately after the issuance of the proclamation of the governor, provided for in section ten hereof prepare one thousand five hundred suitable bonds of the State of California, in the denomination of five hundred dollars each. The whole issue of said bonds shall not exceed the sum of seven hundred and fifty thousand dollars, and said bonds shall bear interest at the rate of four per centum per annum from the date of issuance thereof, and both principal and interest shall be payable in gold coin of the present standard of value, and they shall be payable at the expiration of fifty years from their date. Said bonds shall bear date the second day of July, 1915, and shall be payable on the second day of July, 1965. The interest accruing on such of said bonds as are sold shall be due and payable at the office of the state treasurer on the second day of January and on the second day of July of each year after the sale of the same. At the expiration of fifty years from the date of said bonds all bonds and all unpaid interest shall cease to bear interest, and the state treasurer shall call in, forthwith pay and cancel the same out of the moneys in the sinking and interest fund provided for in this act. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and the said bonds shall be so signed, countersigned, and endorsed by the officers who are in office on the second day of July, 1915, and each of said bonds shall have the seal of the state impressed thereon. The said bonds signed, countersigned, endorsed and sealed as herein provided when sold shall be and constitute a valid and binding obligation upon the State of California, though the sale thereof be made at a date or dates after the person signing, countresigning and endorsing, or any or either of them, shall have ceased to be the incumbents of such office or offices.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said bonds shall be consecutively numbered, and shall bear the lithographed signature of the state treasurer who shall be in office on the second day of July, 1915. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser, unless such accrued interest shall have been by the purchaser of said bond, paid to the state at the time of such sale.

SEC. 3. The sum of two thousand five hundred dollars, or so much thereof as may be necessary, is hereby appropriated out of any moneys in the state treasury not otherwise appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed they shall be sold by the state treasurer at public auction to the highest bidder for cash in such parcels and numbers as shall be directed by the governor of the state; but the state treasurer must reject any and all bids for said bonds or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date and he may, by public announcement, at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. When a sale is continued, as hereinabove provided, no notice need be given other than the public announcement of the continuance, as hereinabove provided. Before offering any of said bonds for sale, the said treasurer shall detach therefrom all coupons which have matured before the date fixed for such sale. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The cost of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for the purpose. The proceeds of the sale of such bonds except such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "third San Francisco seawall fund" and the construction of wharves, piers, seawall, state railroad, spurs, betterments and appurtenances and necessary dredging and filling in connection therewith on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund. The amount that shall have been paid at the sale of said bonds as accrued interest on the bonds sold shall be, by the state treasurer, immediately after such sale, paid into the treasury of the state and placed in the "third San Francisco seawall sinking fund."

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated as the "third San Francisco seawall sinking fund" shall be and the same is hereby created, as follows, to wit: The state treasurer, after the second day of July, nineteen hundred and thirty-three, shall on the first day of each and every month thereafter, after the sale of such bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time in months, the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at said time; said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the third San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of the bonds of the United States, or of the State of California, including any bonds authorized, issued and theretofore sold under authority of this act or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay and interest upon such of the state bonds herein provided to be issued as may have heretofore been sold. The state treasurer may only purchase such bonds authorized and issued under authority of this act with moneys in said sinking fund as have been theretofore sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of May, in the year nineteen hundred and fifty-five and between the first and tenth day of May of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of June following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of July, following, and that from and after such last named date, all interest upon bonds so thus drawn shall cease, and it shall be so the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and fifty-five, the said treasurer shall in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. In the event that the state treasurer employs moneys in said sinking fund in the purchase of any bonds authorized, issued and sold under authority of this act, than at the time in this section provided for the drawing of bonds by lot, and immediately preceding such drawing the state treasurer shall retire and cancel any bonds in said sinking fund authorized, issued and sold under authority of this act, and the amount in said sinking fund remaining at the time shall constitute the amount for the purposes of such drawing. The payment of all said bonds, and the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the several drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, except bonds authorized, issued and sold under authority of this act, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor an abstract of all such proceedings thereunder, with an anual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested,or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election to be holden in the month of November, nineteen hundred and fourteen, and all ballots at said election shall have printed thereon the words "For the state fair grounds bonds" and such other designation as may be necessary to properly identify this act. In a square immediatly below the square containing said words there shall be printed on said ballot the words "Against the state fair grounds bonds." Opposite the words "For the state fair grounds bonds" and "Against the state fair grounds bonds," there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against this act, and those voting for said act shall do so by placing a cross opposite the words "For the state fair grounds bonds" and those voting against said act shall do so by placing a cross opposite the words "Against the state fair grounds bonds." The governor of this state shall include the submission of this act to the people as aforesaid, in his proclamation calling for said general election.

SEC. 10.
